# SANCTITY OF HUMAN LIFE

PREGNANCY CARE CENTER

# COURAGE

Thousands of women are faced with a choice - an unwanted pregnancy. They feel unloved and alone.

Thousands of fathers are faced with fear of the future. They are afraid to act and sometimes feel powerless. They too feel unloved and alone.

Everyday thousands of babies are denied the chance to live and to be loved. These babies are powerless and have no voice.

We need you to set a positive example..... To extend love and support to those facing such challenges. It is through your joy and love for life, that others will see its true value! Hooray for Life, God's great gift to us!
