

Uniquely me

"Before I shaped you in the womb, I knew all about you. Before you saw the light of day, I had holy plans for you:" – Jeremiah 1:5a, The Message

From the moment of conception, each new life has its own unique set of characteristics. All the information is there down to the intricate pattern of the tiny footprint that will develop by the time she's 18 weeks old.¹ Those detailed instructions might say to make blue eyes like dad, curly hair like mom and maybe grandma's nose.

The instructions were written before the world began. God has a plan for each and every one of these amazingly beautiful new creations. Every detail laid out in the mind of the Master. Every color and line carefully chosen. A work of art. The crown jewel of creation.

These priceless masterpieces are destroyed by abortion every day. 1.21 million may lose their lives this year in the USA alone.²

Won't you help us reach out to are considering ending a precious new life because they feel they have no other choice? Most say they have an abortion because they cannot afford a child, having a baby would interfere with work, school or the ability to care for dependents or because they fear being a single parent.² With your help we can give them information to make informed decisions about all their options.

You can help: donate - finances or services, volunteer - we have jobs for all skills and ages. Come visit us at the PRC and let us show you how you can be a part of our ministry.
